WINTER WHEAT HERE 84 PER CENT

FARMERS PLACE THAT PER CENT OF NORMAL CONDITION

LITTLE SPRING PLOWING

Good Farm Hands Are In Demand—Wage Rates Range From $25 To $50 With Board

Farm work in March was at a standstill for several days following the 12th, but near the close of the month the soil was in condition to permit a large portion of the expected oat seeding and breaking of sod land according to the Federal-State Crop Reporting Service of Missouri.

The farmers of Nodaway county place their winter wheat at 84 per cent of normal condition, and rye 94 per cent. They report the supply of farm labor as 91 per cent of last year and demand as 101 per cent. Oat seeding is 11 per cent and spring plowing 9 per cent. Apples are 70 per cent and peaches 25 per cent.

Plowing for corn progressed throughout all of the winter, and more advanced in most of the heavy corn producing counties than for many years. It was too dry in several communities for winter plowing.

Conditions in January, February and March were somewhat different from the usual year, and John C. Slater of Bigelow, Holt County, says "We had a very peculiar winter; no rain or snow until three weeks ago. Bright sunshine followed, and started wheat off in good shape. Looks better on bottom lands than on uplands; farm work is farther advanced here than it has been in forty years."

Missouri farm labor supply is 12 per cent under the springtime demand and has been reduced 4 points during the past year by moving of many single and young married men to public works and factories, according to E. A. Logan, Agricultural Statistician, and Jewell Mayes, Secretary, of the Federal-State Crop Reporting Service.

Farmers needing help can not afford to pay rates compared to the present returns on farm products. The cotton counties require additional labor which is being in part by laborers from southern states. Unless prices improve during the year, it is not unlikely that a further exodus of men from the farms will occur.

The farm labor situation is illustrated in part by what E. E. Carver of Guilford, Nodaway County, says: "Our farm work is up in good shape, but good hands are in demand, while cigarette smokers and time-killers are hunting jobs. Wage rates range from $25 to $50 per month with board.

EACH SOCIETY WINS A FIRST

IN COLLEGE LITERARY CONTESTS HELD LAST NIGHT

SECOND ROUND TONIGHT

Will be Debat and Oratory—Kurtz Wins Sight Reading and Mabel Extemporaneous Speaking

The three literary societies at the State Teachers' College split honors in the first nights contests last night. The Philomathean society, represented by Harry Nelson and Miss Marie Landfather, won from the Eurekans in debate. The Eurekan debaters were Stephen Lamar and Alva Burch. The Excelsior society, with Fred Kurtz as the contestant, won in sight reading over the Eurekans, represented by Miss Mabel Raines and the Philomatheans, whose contestant was Miss Grace Foster. In extemporaneous speaking the Eurekans triumphed over the other societies. The Eurekan speaker was William Mapel and the speakers from the other societies were Leo Halasy of the Excelsiors and John Query of the Philomatheans.

The judges in all of last night's contests were W. G. Sawyers, L. M. Eek and Charles McCaffrey.

In the debate the question was—Resolved, That the tendency in America to congregate in the cities is detrimental to the national welfare. The Philomatheans, winners, supported the negative side of the question. The debat was quite interesting from all angles and both speakers on each side gave their arguments and refutation well.

In extemporaneous speaking the three speakers were given a list of topics from which to choose their subject, one hour before they spoke. They were given this hour for preparation.

The winning speech was on "The Affairs In Germany," and the other two speakers, Halasy and Query, spoke on 'The 100 Percent American' and "The Invasion of the Ruhr" respectively.

In the sight reading contest the different society representatives were called to the stage and then given their readings, ones which they had previously not seen.

The second night of the contests will be held tonight when a debate between the Excelsiors and the Philomatheans will be held and the different societies will contest in oratory.

Only a fair sized crowd attended the contests last night but it is anticipated that tonight the attendance will be larger. Quite an amount of society spirit was shown last night and friendly rivalry was keen. Tonight and tomorrow night it will be all the more so as the societies have each on first place.

Ag. Students Visit Conception Farm

H. G. Tilley Takes Class To Abbey Farms Yesterday On Tour of Observation

The vocational agriculture class at the high school, made a trip to Conception, Tuesday. The class, under the direction of Mr. Tilly, is studying animal husbandry, and made the trip, primarily to see the dairy herds and barns, at the monastery and the convent. They also inspected the poultry houses and the vineyards, while there.

The trip was very instructive, as all of the barns are in first class shape. Only the most modern dairy methods, and equipment are used, and the Holstein herd, is one of the best in this part of the state. The class first visited the dairy barns. One cow in the herd is fifteen years old, and gives eighty to ninety pounds of milk a day, and at one time gave one hundred and ten pounds a day. This was an illustration to the boys, what modern dairy methods can accomplish.

After they had seen the dairy barns the class were shown the poultry houses and the vineyards. The vineyards are in excellent shape and show the result of careful care. After the class had finished their tour of inspection, they returned to Maryville by cars.

Harding Plan Just "Feeler of Opinion"

Declares Mrs. Emily Blair About International Court Plan Before Women Voters

Des Moines, April 12—That the Harding administration's plea that the United States enter the permanent court of international justice is just a "feeler of public opinion," with reservations to the League of Nations, was contended today by Mrs. Emily Blair, vice chairman of the Democratic National Committee, here to speak to the fourth national conference of the National League of Women voters that opened yesterday.

Judge Florence E. Allen of the Supreme Court of Ohio, made a plea that war be declared outlawed by all of the nations of the world. Her opinion however differed with that of Secretary Hoover.

"We have certain laws about war, but none against war," said Judge Allen, "There are laws as to how wars shall be made, but they do not forbid war.

"The court's decrees must not be enforced by physical power. You can not eliminate force between nations by using force. The seeds of hatred sown in using force to repress war are just as evil as those sown in the war which the force was employed to repress."

Ambassador Harvey May Not Return to Eng.

Is Report In London But Denial At Embassy—Washington Officials Silent On Subject

London, April 12—Belief prevails in British diplomatic circles that H. P. Fletcher, American ambassador to Belgium will succeed Col. George Harvey as American ambassador to England, the Evening standard stated today. The report was ridiculed at the United States embassy.

Colonel Harvey will leave shortly for New York on a furlough. Denial was made that his American visit had any political significance. Attaches at the embassy said that his January visit was cut short by the return of the Anglo-American debt funding commission and the return is necessary to attend to private business affairs. He will sail shortly after the marriage of the Duke of York.

Washington, April 12—While the administration officials were non committal concerning the future plans of Ambassador George Harvey at London, it became known today that there was a strong possibility that Harvey would not return to his post in London following his return to this country early in May.

Among the people from Maryville who attended the baseball game in St. Joseph this afternoon between St. Joseph and Sioux City were Fred W. Smith, Arthur Garten, Charles Green and Robert Aley. This was the opening game of the Western league.

DELEGATES TO CON CON LEAVE SUNDAY

CONVENTION WILL CONVENE AT JEFFERSON CITY MONDAY

MRS. HANKINS TO GO

Tribune Editorial Staff Member Will Be Clerk At Convention—May Last Six Weeks

M. E. Ford and Ernest Wray will leave Sunday morning for Jefferson City where they will attend the Constitutional Convention which will convene Monday after an adjournment since last December. Messrs. Ford and Wray are delegates from this senitorial district to the convention.

It seems to be the opinion of several that the convention will not be in session longer than six weeks. There is a disposition of part of some to have the convention adjourned at once. A measure enacted at the last session of legislature provided Governor Hyde calling a special election for the purpose of voting to do away with the convention.

Mrs. Bernice Hankins will go to Jefferson City as a clerk of the convention. Mrs. Hankins has been on the editorial staff of the Tribune for several years. Her daughter, Helen, who is a student at the State Teachers College, will remain in school here. Mrs. Hankins will leave for Jefferson City the middle of next week.

MLLE. ELLY NEY IS COMING HERE

RENOUNED PIANIST BOOKED FOR MUSIC WEEK

BUSINESS MEN HOSTS

Maryville Men Will Entertain 1200 Rural School Children at Concert By Little Symphony of K. C.

Mlle. Elly Ney, celebrated woman concert pianist has been secured to appear at the State Teachers College May 8 as one of the headliner numbers for Music Week. It was announced this afternoon by Charles R. Gardner, head of the conservatory of music. Mlle Ney is considered one of the greatest woman pianists of the past decade. Her appearances in New York during the past two seasons were quite sensational. None of the pianists from foreign countries in recent years have received such an ovation as Miss Ney.

This entertainment will take the place of the concert that had been scheduled for Arne Oldberg and Carl Beecher, pianists, but due to an injury to Mr. Oldberg's hand, it was cancelled. It was only a piece of good fortune that enabled Mr. Gardner to secure Miss Ney at this time and the music lovers of Maryville will be benefitted by the change as this number is costing double that of the original entertainment for that date.

Complete announcement for music week will be made Monday. The opening day will include three concerts by the Little Symphony of Kansas City. The first one will be at 1:30 o'clock in the afternoon when the business men of Maryville will be hosts to all of the rural school children in the county. At 3:30 o'clock the children of the Maryville schools will be given an opportunity to hear this organization in a children's program. Then at 8:30 o'clock in the evening a concert will be given for the general public.

Sunday evening, May 6, the faculty of the conservatory of music and the college chorus will give a sacred concert. Monday night will be the oratorio, "Holy City," with 200 voices. Tuesday Mlle. Ney will play and Wednesday evening will be the annual May Day fete. Thursday evening there will be a concert by the combined bands of Nodaway county.

Advance sale of tickets will be given next week.

The democrats of Missouri, however, solved it by endorsing Wilson and electing Reed.

Store Girl Dances for 52 Continuous Hours

This Afternoon Breaks Record By 2 Hours and 9 Minutes—Exhausted 6 Partners

Cleveland, April 12.—After establishing a world's record of fifty-two hours and eleven minutes of continuous dancing, Miss Helen Mayer, Cleveland champion dancer, left the floor this afternoon after exceeding the record established by Miss Alma Cummings in New York Monday by two hours and nine minutes.

Cleveland, April 12—Miss Helen Mayer, clerk in a department store here, today hung up a new record for continuous dancing when at 11:38 o'clock she had eclipsed the record made Monday by Miss Alma Cummings of Texas.

"Miss Cummings said that she would keep the pikers out," said Miss Mayer between steps, "But I'm no piker." She started with the idea of establishing a fifty-six hour mark and began dancing at 9:35 o'clock Tuesday morning. In setting the record she exhausted six dancing partners, wore out five pair of stockings, and danced through three pair of slippers.

Mrs. Martha Partridge, 901 East 4th St., says: "I suffered from kidney and bladder complaint and felt languid. I used Doan's Kidney Pills and received great relief, and I am glad to recommend them. I cannot say too much in favor of Doan's." (Statement given December 13, 1911).

On March 31, 1920, Mrs. Partridge said: "I wish to confirm my former statement as to the benefits obtained from using Doan's Kidney Pills. I have had no return of the trouble and I am glad to say Doan's have permanently cured me."

Nearly Fifty Thousand Eggs

Last Saturday was a good egg day at the Farmers Union headquarters in Hopkins, the boys taking in 110 cases or in exact numbers forty-nine thousand and six hundred eggs. Eggs are a fair price, 19c per docen, and more than one table is being chiefly supplied from the returns of poultry and eggs. The industry is becoming more popular every year in this vicinity—many farmers deciding there is more profit in it than raising or feeding cattle, and besides the women do most of the work so far as the poultry yards are concerned.—Hopkins Journal.

A marriage license was issued today to Claud R. Walden and Mildred Allen of Arbyrd.

NERVOUS WOMAN COMPLETE WRECK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound

Indianapolis, Indiana.—"Now I want to tell you just what induced me to take your medicine. It seemed that I had some kind of weakness so that I could not carry a child its full time. The last time I was troubled this way I had a nervous breakdown and was a complete wreck. The doctor thought I would not live, and if I did that I would never be well and strong again. But I told them I was going to get well, that I was not going to die just then. My husband got me Lydia E. Pinkham's Vegetable Compound and I took six bottles of it. I soon got strong again and had three more children. I have recommended the Vegetable Compound ever since, and if you could see me now you would think I had always been well."—Mrs. MARY F. HERRICK, 234 Detroit St., Indianapolis, Ind.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers and should be taken during the entire period. It has a general effect to strengthen and tone up the entire reproductive system, so that it may work in every respect effectually as nature intends.

A Lip Stick and Cosmetic "War" on

Joplin, Mo., April 12—A lip-stick and cosmetic "war" in which the combatants will be the school girls o Joplin and officials of the local board of education, loomed today.

The recent ruling of the Arkansas supreme court about the use of powder and paint by girls attending school in that state, has created quite a stir in this southwestern Missouri municipality.

"It is a well known fact that some girls spend as much time, rouging and powdering their faces," asserted C. A. Trusty, president of the board of education, "as they do studying, and I think it would be wise to coin some restrictions at this time."

Meanwhile, the feminine students are "resting" on their "arms" but in the event president Trusty issues an edict banning the use of cosmetics, while they are in school, they say there will be "excitement" aplenty for all.

Federal Prohibition Director May Resign

Kansas City, Mo., April 12—Despite the vigorous denials which have been banded about by W. H. Allen, federal prohibition director for the "show me" state, and numerous subordinates, the rumor persists today to the effect that Director Allen, is on the verge of resigning. Friends of Allen have pointed out that his reecnt illness coupled with attendant worries in connection with his office, would probably cause him to retire from office.

Another story which is being widely circulated around the federal building these days is that in the event Allen relinquishes his post, E. Mont Reily, late governor of Porto Rico, will be awarded his job. However, this report lacks official confirmation.

Allen returned to Kansas City from Excelsior Springs, Mo., the early part of the week. He made the trip to the "springs" in an effort to recuperate from an attack of influenza. He has not been strong enough to resume his duties at his office, since his return, it is stated. Added to this, it is understood his wife is anxious that he resign, as she is said to feel that the burdens of his office will result in another break-down, should he resume his duties. There has also been much internal strife and dissension among the operatives of his office, particularly at St. Louis, it is said, and this reported discord, has augmented the worries of Allen.

Allen's home is at Clinton, Mo. He formerly was affiliated with the federal land bank at St. Louis.

M. U. Track Stars Will not Compete

Lawrence, Kan., April 12—Missouri University track stars will not compete in the Kansas relays, which are scheduled to be held here April 12, it has been learned.

In a letter to Coach Carl Schlalemann, manager of the big relay classic, Bob Simpson, "Tiger" mentor, declared it would be impossible for the Missouri team to enter the Kansas game this year, because the school at Columbia closes April 25, and the week-end previous, which is the 21st, will find the "Tiger" athletes busily engrossed with their final examinations.

C. C. Hellmers, manager of the Maryville Electric Light Company, and who is to be the manager of the Hopkins Electric Light Company, as soon as the lines are completed, was in Hopkins this week and told a Journal representative that the work of the extension is being pushed as rapidly as possible. The lines will come from Pickering by way of the Narrows and most of the material is now on the grounds and if no delays are encountered in material not here, Mr. Hellmers believes that it will not be more than three weeks, or four at the outside, until Hopkins will again have light and power.

WINTER WHEAT HERE 84 PER CENT

FARMERS PLACE THAT PER CENT OF NORMAL CONDITION

LITTLE SPRING PLOWING

Good Farm Hands Are In Demand—Wage Rates Range From $25 To $50 With Board

Farm work in March was at a standstill for several days following the 12th, but near the close of the month the soil was in condition to permit a large portion of the expected oat seeding and breaking of sod land according to the Federal-State Crop Reporting Service of Missouri.

The farmers of Nodaway county place their winter wheat at 84 per cent of normal condition, and rye 94 per cent. They report the supply of farm labor as 91 per cent of last year and demand as 101 per cent. Oat seeding is 11 per cent and spring plowing 9 per cent. Apples are 70 per cent and peaches 25 per cent.

Plowing for corn progressed throughout all of the winter, and more advanced in most of the heavy corn producing counties than for many years. It was too dry in several communities for winter plowing.

Conditions in January, February and March were somewhat different from the usual year, and John C. Slater of Bigelow, Holt County, says "We had a very peculiar winter; no rain or snow until three weeks ago. Bright sunshine followed, and started wheat off in good shape. Looks better on bottom lands than on uplands; farm work is farther advanced here than it has been in forty years."

Missouri farm labor supply is 12 per cent under the springtime demand and has been reduced 4 points during the past year by moving of many single and young married men to public works and factories, according to E. A. Logan, Agricultural Statistician, and Jewell Mayes, Secretary, of the Federal-State Crop Reporting Service.

Farmers needing help can not afford to pay rates compared to the present returns on farm products. The cotton counties require additional labor which is being in part by laborers from southern states. Unless prices improve during the year, it is not unlikely that a further exodus of men from the farms will occur.

The farm labor situation is illustrated in part by what E. E. Carver of Guilford, Nodaway County, says: "Our farm work is up in good shape, but good hands are in demand, while cigarette smokers and time-killers are hunting jobs. Wage rates range from $25 to $50 per month with board.

EACH SOCIETY WINS A FIRST

IN COLLEGE LITERARY CONTESTS HELD LAST NIGHT

SECOND ROUND TONIGHT

Will be Debat and Oratory—Kurtz Wins Sight Reading and Mapel Extemporaneous Speaking

The three literary societies at the State Teachers' College split honors in the first nights contests last night. The Philomathean society, represented by Harry Nelson and Miss Marie Landfather, won from the Eurekans in debate. The Eurekan debaters were Stephen Lamar and Alva Burch. The Excelsior society, with Fred Kurtz as the contestant, won in sight reading over the Eurekans, represented by Miss Mabel Raines and the Philomatheans, whose contestant was Miss Grace Foster. In extemporaneous speaking the Eurekans triumphed over the other societies. The Eurekan speaker was William Mapel and the speakers from the other societies were Leo Halasy of the Excelsiors and John Query of the Philomatheans.

The judges in all of last night's contests were W. G. Sawyers, L. M. Eek and Charles McCaffrey.

In the debate the question was—Resolved, That the tendency in America to congregate in the cities is detrimental to the national welfare. The Philomatheans, winners, supported the negative side of the question. The debat was quite interesting from all angles and both speakers on each side gave their arguments and refutation well.

In extemporaneous speaking the three speakers were given a list of topics from which to choose their subject, one hour before they spoke. They were given this hour for preparation.

The winning speech was on "The Affairs In Germany," and the other two speakers, Halasy and Query, spoke on 'The 100 Percent American' and "The Invasion of the Ruhr" respectively.

In the sight reading contest the different society representatives were called to the stage and then given their readings, ones which they had previously not seen.

The second night of the contests will be held tonight when a debate between the Excelsiors and the Philomatheans will be held and the different societies will contest in oratory.

Only a fair sized crowd attended the contests last night but it is anticipated that tonight the attendance will be larger. Quite an amount of society spirit was shown last night and friendly rivalry was keen. Tonight and tomorrow night it will be all the more so as the societies have each on first place.

Ag. Students Visit Conception Farm

H. G. Tilley Takes Class To Abbey Farms Yesterday On Tour of Observation

The vocational agriculture class at the high school, made a trip to Conception, Tuesday. The class, under the direction of Mr. Tilly, is studying animal husbandry, and made the trip, primarily to see the dairy herds and barns, at the monastery and the convent. They also inspected the poultry houses and the vineyards, while there.

The trip was very instructive, as all of the barns are in first class shape. Only the most modern dairy methods, and equipment are used, and the Holstein herd, is one of the best in this part of the state. The class first visited the dairy barns. One cow in the herd is fifteen years old, and gives eighty to ninety pounds of milk a day, and at one time gave one hundred and ten pounds a day. This was an illustration to the boys, what modern dairy methods can accomplish.

After they had seen the dairy barns the class were shown the poultry houses and the vineyards. The vineyards are in excellent shape and show the result of careful care. After the class had finished their tour of inspection, they returned to Maryville by cars.

Harding Plan Just "Feeler of Opinion"

Declares Mrs. Emily Blair About International Court Plan Before Women Voters

Des Moines, April 12—That the Harding administration's plea that the United States enter the permanent court of international justice is just a "feeler of public opinion," with reservations to the League of Nations, was contended today by Mrs. Emily Blair, vice chairman of the Democratic National Committee, here to speak to the fourth national conference of the National League of Women voters that opened yesterday.

Judge Florence E. Allen of the Supreme Court of Ohio, made a plea that war be declared outlawed by all of the nations of the world. Her opinion however differed with that of Secretary Hoover.

"We have certain laws about war, but none against war," said Judge Allen, "There are laws as to how wars shall be made, but they do not forbid war.

"The court's decrees must not be enforced by physical power. You can not eliminate force between nations by using force. The seeds of hatred sown in using force to repress war are just as evil as those sown in the war which the force was employed to repress."

Ambassador Harvey May Not Return to Eng.

Is Report In London But Denial At Embassy—Washington Officials Silent On Subject

London, April 12—Belief prevails in British diplomatic circles that H. P. Fletcher, American ambassador to Belgium will succeed Col. George Harvey as American ambassador to England, the Evening standard stated today. The report was ridiculed at the United States embassy.

Colonel Harvey will leave shortly for New York on a furlough. Denial was made that his American visit had any political significance. Attaches at the embassy said that his January visit was cut short by the return of the Anglo-American debt funding commission and the return is necessary to attend to private business affairs. He will sail shortly after the marriage of the Duke of York.

Washington, April 12—While the administration officials were non committal concerning the future plans of Ambassador George Harvey at London, it became known today that there was a strong possibility that Harvey would not return to his post in London following his return to this country early in May.

Among the people from Maryville who attended the baseball game in St. Joseph this afternoon between St. Joseph and Sioux City were Fred W. Smith, Arthur Garten, Charles Green and Robert Aley. This was the opening game of the Western league.

DELEGATES TO CON CON LEAVE SUNDAY

CONVENTION WILL CONVENE AT JEFFERSON CITY MONDAY

MRS. HANKINS TO CO

Tribune Editorial Staff Member Will Be Clerk At Convention—May Last Six Weeks

M. E. Ford and Ernest Wray will leave Sunday morning for Jefferson City where they will attend the Constitutional Convention which will convene Monday after an adjournment since last December. Messrs. Ford and Wray are delegates from this senitorial district to the convention.

It seems to be the opinion of several that the convention will not be in session longer than six weeks. There is a disposition of part of some to have the convention adjourned at once. A measure enacted at the last session of legislature provided Governor Hyde calling a special election for the purpose of voting to do away with the convention.

Mrs. Bernice Hankins will go to Jefferson City as a clerk of the convention. Mrs. Hankins has been on the editorial staff of the Tribune for several years. Her daughter, Helen, who is a student at the State Teachers College, will remain in school here. Mrs. Hankins will leave for Jefferson City the middle of next week.

MLLE. ELLY NEY IS COMING HERE

RENOUNED PIANIST BOOKED FOR MUSIC WEEK

BUSINESS MEN HOSTS

Maryville Men Will Entertain 1200 Rural School Children at Concert By Little Symphony of K. C.

Mlle. Elly Ney, celebrated woman concert pianist has been secured to appear at the State Teachers College May 8 as one of the headliner numbers for Music Week. It was announced this afternoon by Charles R. Gardner, head of the conservatory of music. Mlle Ney is considered one of the greatest woman pianists of the past decade. Her appearances in New York during the past two seasons were quite sensational. None of the pianists from foreign countries in recent years have received such an ovation as Miss Ney.

This entertainment will take the place of the concert that had been scheduled for Arne Oldberg and Carl Beecher, pianists, but due to an injury to Mr. Oldberg's hand, it was cancelled. It was only a piece of good fortune that enabled Mr. Gardner to secure Miss Ney at this time and the music lovers of Maryville will be benefitted by the change as this number is costing double that of the original entertainment for that date.

Complete announcement for music week will be made Monday. The opening day will include three concerts by the Little Symphony of Kansas City. The first one will be at 1:30 o'clock in the afternoon when the business men of Maryville will be hosts to all of the rural school children in the county. At 3:30 o'clock the children of the Maryville schools will be given an opportunity to hear this organization in a children's program. Then at 8:30 o'clock in the evening a concert will be given for the general public.

Sunday evening, May 6, the faculty of the conservatory of music and the college chorus will give a sacred concert. Monday night will be the oratorio, "Holy City," with 200 voices. Tuesday Mlle. Ney will play and Wednesday evening will be the annual May Day fete. Thursday evening there will be a concert by the combined bands of Nodaway county.

Advance sale of tickets will be given next week.

Store Girl Dances for 52 Continuous Hours

This Afternoon Breaks Record By 2 Hours and 9 Minutes—Exhausted 6 Partners

Cleveland, April 12.—After establishing a world's record of fifty-two hours and eleven minutes of continuous dancing, Miss Helen Mayer, Cleveland champion dancer, left the floor this afternoon after exceeding the record established by Miss Alma Cummings in New York Monday by two hours and nine minutes.

Cleveland, April 12—Miss Helen Mayer, clerk in a department store here, today hung up a new record for continuous dancing when at 11:38 o'clock she had eclipsed the record made Monday by Miss Alma Cummings of Texas.

"Miss Cummings said that she would keep the pikers out," said Miss Mayer between steps, "But I'm no piker." She started with the idea of establishing a fifty-six hour mark and began dancing at 9:35 o'clock Tuesday morning. In setting the record she exhausted six dancing partners, wore out five pair of stockings, and danced through three pair of slippers.

Nearly Fifty Thousand Eggs

Last Saturday was a good egg day at the Farmers Union headquarters in Hopkins, the boys taking in 110 cases or in exact numbers forty-nine thousand and six hundred eggs. Eggs are a fair price, 19c per dozen, and more than one table is being chiefly supplied from the returns of poultry and eggs. The industry is becoming more popular every year in this vicinity—many farmers deciding there is more profit in it than raising or feeding cattle, and besides the women do most of the work so far as the poultry yards are concerned.—Hopkins Journal.

A marriage license was issued today to Claud R. Walden and Mildred Allen of Arbyrd.

NERVOUS WOMAN COMPLETE WRECK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound

Indianapolis, Indiana.—"Now I want to tell you just what induced me to take your medicine. It seemed that I had some kind of weakness so that I could not carry a child its full time. The last time I was troubled this way I had a nervous breakdown and was a complete wreck. The doctor thought I would not live, and if I did that I would never be well and strong again. But I told them I was going to get well, that I was not going to die just then. My husband got me Lydia E. Pinkham's Vegetable Compound and I took six bottles of it. I soon got strong again and had three more children. I have recommended the Vegetable Compound ever since, and if you could see me now you would think I had always been well."—Mrs. MARY F. HERRICK, 234 Detroit St., Indianapolis, Ind.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers and should be taken during the entire period. It has a general effect to strengthen and tone up the entire reproductive system, so that it may work in every respect effectually as nature intends.

A Lip Stick and Cosmetic "War" on

Joplin, Mo., April 12—A lip-stick and cosmetic "war" in which the combatants will be the school girls o Joplin and officials of the local board of education, loomed today.

The recent ruling of the Arkansas supreme court about the use of powder and paint by girls attending school in that state, has created quite a stir in this southwestern Missouri municipality.

"It is a well known fact that some girls spend as much time, rouging and powdering their faces," asserted C. A. Trusty, president of the board of education, "as they do studying, and I think it would be wise to coin some restrictions at this time."

Meanwhile, the feminine students are "resting" on their "arms" but in the event president Trusty issues an edict banning the use of cosmetics, while they are in school; they say there will be "excitement" aplenty for all.

Federal Prohibition Director May Resign

Kansas City, Mo., April 12—Despite the vigorous denials which have been banded about by W. H. Allen, federal prohibition director for the "show me" state, and numerous subordinates, the rumor persists today to the effect that Director Allen, is on the verge of resigning. Friends of Allen have pointed out that his reecnt illness coupled with attendant worries in connection with his office, would probably cause him to retire from office.

Another story which is being widely circulated around the federal building these days is that in the event Allen relinquishes his post, E. Mont Reily, late governor of Porto Rico, will be awarded his job. However, this report lacks official confirmation.

Allen returned to Kansas City from Excelsior Springs, Mo., the early part of the week. He made the trip to the "springs" in an effort to recuperate from an attack of influenza. He has not been strong enough to resume his duties at his office, since his return, it is stated. Added to this, it is understood his wife is anxious that he resign, as she is said to feel that the burdens of his office will result in another break-down, should he resume his duties. There has also been much internal strife and dissension among the operatives of his office, particularly at St. Louis, it is said, and this reported discord, has augmented the worries of Allen.

Allen's home is at Clinton, Mo. He formerly was affiliated with the federal land bank at St. Louis.

M. U. Track Stars Will not Compete

Lawrence, Kan., April 12—Missouri University track stars will not compete in the Kansas relays, which are scheduled to be held here April 12, it has been learned.

In a letter to Coach Carl Schlalemann, manager of the big relay classic, Bob Simpson, "Tiger" mentor, declared it would be impossible for the Missouri team to enter the Kansas game this year, because the school at Columbia closes April 25, and the week-end previous, which is the 21st, will find the "Tiger" athletes busily engrossed with their final examinations.

(Hopkins Journal)

C. C. Hellmers, manager of the Maryville Electric Light Company, and who is to be the manager of the Hopkins Electric Light Company, as soon as the lines are completed, was in Hopkins this week and told a Journal representative that the work of the extension is being pushed as rapidly as possible. The lines will come from Pickering by way of the Narrows and most of the material is now on the grounds and if no delays are encountered in material not here, Mr. Hellmers believes that it will not be more than three weeks, or four at the outside, until Hopkins will again have light and power.
